The Senior Living Community at
GRANDEVIE

2140 FIVE MILE LINE ROAD, PENFIELD, NY 14526

As you age, your needs change.

What were once simple tasks such as yard work or even changing your clothes can become a chore as we grow older.

GrandeVie Senior Living Community in the heart of Penfield has been meeting the evolving needs of older adults for more than twenty years. Locally owned

full of life

and operated, our NYS Department of Health

certified community provides a continuum of care ranging from independent living apartments and traditional adult-care to specialized services in both our Enhanced and Memory Care units.

GRANDEVIE

Senior Living Community

GRANDEVIE offers a continuum of care to meet the evolving needs of adults so as your loved one ages and their needs change, their address doesn't have to. Here is an overview of the GrandeVie programs available to meet the needs of your special senior.

VillageWood Independent Apartments

For adults looking to maintain their independence, VillageWood independent living apartments at GrandeVie is the perfect choice, with all the comfort and freedom of independent living without the upkeep and uncertainty of home ownership. VillageWood is a vibrant, attractive, and cozy community situated right in the heart of Penfield Village. Our flexible housing plans and unrivaled amenities make VillageWood living convenient and affordable -without all the domestic chores.

Enhanced Assisted Living Residence at GrandeVie

GrandeVie is the first Senior Living Community in Western NY to be certified by the NYS Department of Health to provide enhanced professional services. This state-of-the-art program is offered in a "household-type" setting which permits the resident to age-in-place. Residents of this unit receive a level of care substantially greater than what can be legally provided in a traditional adult home and one that bridges the gap between assisted living and nursing home.

This unique residence provides professional services at less than 1/2 the cost of a nursing home.

GrandeVie Traditional Adult Care

Choosing an adult home for a parent or loved one can be a difficult decision . . . or it can be easy with GrandeVie. From 24-hour resident care staff and housekeeping services to medication management and an on-site physician's office, GrandeVie ensures exceptional attention in a warm, vibrant community designed to meet the evolving senior health-care needs.

Day-Care Programs

Specialized full and half-day programs provide a professional, supervised environment for parents and other adults during working hours.

Special programs are also available for clients with Alzheimer's disease or other memory impairments via our Caring House facility.

Caring House Memory Care

A parent or loved ones facing Alzheimer's disease or another memory impairment can be assured of getting the specialized care they need at GrandeVie's Caring House, an exceptional environment specifically designed to meet these special needs. A 12-hour/7 day a week life-enrichment activities program provides for physical as well as emotional stimulation.

Short-Term Services at GrandeVie

The GrandeVie community offers a short-term or "respite-type" service of 3 to 60 days in the assisted living, memory care or enhanced services unit for the senior who is otherwise unable to stay alone. The program also provides a limited stay for those who may need transitional care from rehab to home. It provides the opportunity of a "trial stay" with permanent residency in mind as well as allowing caregivers the freedom to plan vacations, business trips or "well-deserved" time for oneself.
